

# ***Cancellation Policy***

***For movie productions***

# **YOURAVIATION**

As a young start-up company, one of our primary concern is to follow a clear and transparent policy regarding movie productions. A big part of such a policy is the cancellation of the production. As we work in an industry where different factors like weather, aircraft change, flight cancellations & delays or airspace restriction can happen, our company is very flexible when it comes to cancellation. The following scheme is supposed to give you information about the costs that we are going to invoice you in case of a cancellation:

### **Full Cancellation:**

20 Days or more before start:	10% of the production price*
15-19 Days before start:	15% of the production price*
10-14 Days before start:	25% of the production price*
5-9 Days before start:	40% of the production price*
3-4 Days before start:	75% of the production price*
less than 2 Days before start:	100% of the production price*

### **Postponement (any reason except weather):**

20 Days or more before start:	3% of the production price*
15-19 Days before start:	5% of the production price*
10-14 Days before start:	10% of the production price*
5-9 Days before start:	15% of the production price*
3-4 Days before start:	20% of the production price*
less than 2 Days before start:	25% of the production price*

### **Postponement (due to weather):**

Before start:	0% of the production price**
During production:	hours already worked**

See more below

\* The Production price is the first figure available on your offer or invoice. It is not including the post-production, the licenses for music or any other costs. In case of full cancelation or in case of postponement due to any reason except weather, you will additionally be charged for transport and hospitality costs, if those can not be refunded anymore.

\*\* In case of bad weather, you will not be charged for production costs if the decision falls before the start. In case of bad weather during the production, you will be charged for the time we produced (e.g if 1 production day (10 hours) is 1000.-, and we worked 4 hours, we will charge you 400.-. The other 600.- will be charged on the second production day). The decision of cancellation due to bad weather will **always** be taken by YourAviation LLC, except if it affects the flight operations. We are not able to produce safely during rain. You will be charged 75% of the transport and hospitality costs in case of bad weather.

*This policy was updated on November 1<sup>st</sup>, 2019. It is valid for any movie production contract made after November 1<sup>st</sup>, 2019. You will be informed in case of changes to this policy. YourAviation LLC keeps the right to update this policy at any time.*
